APEEJAY SCHOOL, FARIDABAD

e-NEWSLETTER – Special Edition

DR. STYA PAUL
(OCTOBER 4, 1919 - JUNE 7, 2010)
FOUNDER CHAIRMAN, APEEJAY EDUCATION

Our Inspiration...

We at Apeejay are committed to quality education of global dimensions leading to man-making and nation-building. Guided by this vision and with the blessings of our revered Chairman Sir, Dr Styx Paul ji and his only child, his illustrious daughter, Mrs Sushma Paul Berlia, we continue in our endeavours to hallmark our efforts with excellence.

Dr. Styx Paul's life's work and achievements, and the lasting legacy of excellence that he leaves behind, will continue to inspire and guide us in all our endeavours, as we strive to achieve the goals to which he devoted his life. Like the ever-soaring falcon of Iqbal's couplet that inspired Dr. Styx Paul throughout his life's journey, his spirit will live on forever.

Madam Berlia sent her blessings and best wishes to the Apeejay family for a successful conduct of the evening.

We are indebted to Madam Berlia, who demonstrates excellence and the highest standards of ethical conduct, integrity and civic and social responsibility for her contribution in the area of education and industry. She has been recognised as the one who exemplifies the promise to the Indian education ecosystem for nurturing it and taking it to global standards. With her personal example, Madam reinforces the significance of criticality of innovation and flexibility to change. With a firm focus on adding value to all we undertake, Madam teaches also to 'mine the knowledge' and relevant enrichment from a plausible information overload. We at Apeejay School, Faridabad salute our respected President Madam for having lent to education varied dimensions that make it a dynamic and ever evolving process.

Her dynamic leadership provides us with a clear sense of direction to further ensure that school becomes an effective learning community—a community of awakened minds and compassionate hearts. We thank her for invaluable support and guidance provided to us in all our efforts and endeavours.

From the desk of the Principal ...

The old order changeth, yielding place to new...and God fulfills Himself in many ways...

As we continue to navigate through this changing world, we have learnt many new lessons. We have learnt to re-think the way we work, the way we study, the way we live our lives. It has been a dramatic change and a steep learning curve, involving a tremendous amount of upskilling and relearning by all stakeholders in the system. This time has taught us not just deal with the current emergency, but also build foundations of resilience to face such difficult events in the future. Synergy between technology, curriculum and pedagogy has been our key area of focus this year to ensure our children continue to learn and grow.

In addition to academic programmes, celebration of national days, festivals, events, we have been organising a variety of activities, on the virtual platforms. Celebrating Annual Appreciation Day on this platform is yet another significant milestone that we have achieved. We pride ourselves on our collective strengths and on how this strength has translated into tangible benefits for our children.

I take this opportunity to place on record my heartfelt gratitude to our respected President Madam Sushma Paul Berlia, and Mr. Aditya Berlia, Co-Promotor, Apeejay Styx & Svrán Group, Co-Founder & Pro-Chancellor, Apeejay Styx University, for their constant support and visionary guidance in all our endeavours. I commend the creativity and confidence of our students and team efforts of teachers who worked tirelessly to make this mega event a success.
